## Mark your calendars! Help Needed... Franklin PTO Elf Shelf

...is just around the corner-  
Friday, December 15th, 2017  
We need your help to make it a success!

Elf shelf is an event where children can buy gifts for their family members. Gifts are available from \$0.25-\$10.00. Each class has a designated time during the school day to "shop" and wrap their gifts. This activity helps the children practice kindness and generosity. Giving to others and being thankful will be a school theme throughout the month of December.

Parents and Guardians are what help make this event a huge success! There are a couple ways you can volunteer:

1. Set-up- Volunteers are needed the night before the event, Thursday, December 14<sup>th</sup> from 3:30-5:30 PM (Winter Concert begins @ 6:30 PM)
2. Shopping Day- Friday, Dec. 15<sup>th</sup> 1 hour time slots (or more) anytime between 8:30am -3:00 pm. What fits your schedule?
3. Take-down and clean up 12/15, 3:00 PM-6:00 PM

## Notes From the Nurse

# COVER YOUR COUGH!

Why should I cover my cough?

"Colds" and serious respiratory illnesses like influenza ("the flu") and whooping cough are spread by:

- Coughing and sneezing
- Unclean hands

These illnesses spread easily in crowded places where people are in close contact, like SCHOOLS!

When you cough or sneeze, it's best to cover your mouth and nose so the germs aren't sprayed into the room for other people to breathe. Everyone used to cover with their hands, but then, if hands weren't washed right away, the germs got passed from hands to other people and still made them sick.

## How do I stop the spread of germs? **Cough or sneeze into your elbow!**

Hold your arm up even with your shoulder, then bring your hand in toward your chest. Bring your elbow up to your mouth and nose, and cough or sneeze.

It's true, germs can land on your elbow, too, but you don't use your elbow to hold food, pencils or toys, and you don't use it to touch other people as you do with your hands.

How else can I stay healthy?

Clean your hands often with soap and water or an alcohol-based hand sanitizer.

Avoid touching your eyes, nose or mouth.

Don't share eating utensils, drinking glasses, or other personal items.

Get your flu shot.

## CUBRA SU TOS!

### ¿Por qué debería cubrir mi tos?

Los "resfriados" y las enfermedades respiratorias graves como la gripe y la tos ferina se contagian por:

- Toser y estornudar
- Manos limpias

Estas enfermedades se propagan fácilmente en lugares abarrotados donde las personas están en contacto cercano, ¡como las ESCUELAS!

Cuando tose o estornuda, es mejor taparse la boca y la nariz para que los gérmenes no se rocien en la habitación para que otras personas puedan respirar. Todos solían taparse con las manos, pero luego, si las manos no se lavaban de inmediato, los gérmenes pasaban de manos a otras personas y seguían enfermando.

### ¿Cómo evito la propagación de gérmenes?

#### ¡Tosa o estornude en su codo!

Mantenga su brazo hacia arriba incluso con su hombro, luego lleve su mano hacia su pecho. Lleve su codo hasta la boca y la nariz, y tosa o estornude.

Es verdad, los gérmenes pueden caer sobre tu codo también, pero no usas el codo para sostener comida, lápices o juguetes, y no lo usas para tocar a otras personas como lo haces con las manos.

### ¿De qué otra manera puedo mantenerme saludable?

Lávese las manos con frecuencia con agua y jabón o con un desinfectante para manos a base de alcohol.

Evita tocar tus ojos, nariz o boca.

No comparta utensilios para comer, vasos u otros artículos personales.

Obtenga su vacuna contra la gripe.

Did you know ...

Lice can only live off a human head for about 24 hours. They must have a blood meal, just like mosquitoes and ticks, to survive.

# Parent Corner Franklin~20

Kindness comes from within. It is a sign of love, respect and concern. Showing compassion and gentleness towards others help children form and maintain positive relationships and maintain friendships. In turn, children feel important, acknowledged, and become confident individuals. As parents, you can start by helping children care for themselves, for others, for a pet or a special thing.

Points to consider when encouraging kindness in young children:

1. Model behaviors that you wish your children to practice. Example - letting them know that you are there and that they are not alone, listen to them when they wish to talk, forgiving them if they hurt you without meaning to, doing what you can to help them when they have difficulties completing a task, etc.
2. Help children express their feelings. Guide them in using appropriate words and give them ample time to think about acceptable behaviors under different situations.
3. Build on-going nurturing relationships. This is far more important to emotional and intellectual development than academic drills and educational games.
4. Demonstrate non-aggressive and kind methods of communication with both children and adults.

#### Activities for Parents

- Visit a park or shopping mall with the children to observe the type of kind deeds that others are doing to each other. Talk about how each action makes each person feel. Have the children express how they feel as they witness what happened.
- Show children some pictures related to greeting your neighbors and someone getting hurt; discuss how "greeting others politely" is a way of showing kindness; and what a person should do when someone is in pain.
- Encourage children to identify two ways that they can show kindness to the people they meet the next two weeks.
- Prepare a list of pictures with different behaviors whether good or bad and have children to identify the kind deeds that they should try to do.
- Identify members in the family and tell how each uses their hands to show kindness at home.
- Include ways that family members might help each other.
- Together with children, organize a plan to share responsibilities in household chores.
- Plan a visit to a child who is not feeling well or an elderly person in the neighborhood or someone in a nursing home. Have the children make a gift that would benefit or cheer up the person.
